SUMMARY

I am a MERN Stack Developer with a strong foundation in full-stack web development. I have built real projects like a social media application with login, posts, and chat features, as well as a responsive hospital website. I enjoy creating applications that are fast, user-friendly, and scalable. I am eager to learn from experienced teams, grow my skills, and contribute to building meaningful software.

SKILLS

Front-end:- React.js, HTML5, CSS3, Bootstrap, jQuery	· Backend:- Node.js, Express.js	· Database:- MongoDB	· Tools & Platforms:- Git, GitHub, RESTful APIs, Socket.io	Soft Skills: Problem Solving, Teamwork ,Time Management ·Communication
--	------------------------------------	-------------------------	--	--

PROJECTS

Social Media Web App

- **Tech Stack:** MongoDB, Express.js, React.js, Node.js, Socket.io

Developed a full-stack platform with features like user authentication, follow/unfollow, messaging, user search, post creation, likes, comments, and real-time chat with message history. Implemented REST APIs and real-time updates using Socket.io.

Hospital Landing Page

- **Tech Stack:** React.js , HTML5, CSS3, Bootstrap

Built a modern, responsive hospital landing page with clean UI, reusable components, device compatibility, and smooth form handling.

EDUCATION

Bachelor of Computer Applications (BCA) Indira Gandhi National Open University (IGNOU)	Pursuing
--	-----------------
